

#9

**INCOMPLETE**

**Collector:** Nano Consult - Non-Industry (Web Link)  
**Started:**  
**Last Modified:**  
**Time Spent:**  
**IP Address:**

**PAGE 2: Section I - Identification**

**Q1: Please provide the following details (\*compulsory):**

Your name:	Hilary Sutcliffe
Name of organisation* (if applicable):	MATTER
Town/City:	London
Country*:	United Kingdom
E-mail address:	

**Q2: Please indicate if you are responding to this questionnaire on behalf of/as:**

d) a consumer organisation/trade union/environmental organisation/non-governmental organisation

**Q3: Received contributions may be published on the Commission's website, with the identity of the contributor. Please state your preference with regard to the publication of your contribution:**

My contribution may be published under the name indicated

**Q4: We might need to contact you to clarify some of your answers. Please state your preference below:**

I am available to be contacted

**PAGE 3: Section III – Problem definition and objectives**

**Q5: Please rate the importance of the following objectives on a scale between 1 (not important at all) and 5 (very important).**

a) Provide decision makers, regulatory authorities and professional users with information that allows for an appropriate response to health or environmental risks of nanomaterials	1
b) Provide consumers with relevant information on products containing nanomaterials on the market	1
c) Maintain competitiveness and innovation of businesses bringing nanomaterials or products containing nanomaterials to the market (including SMEs)	1
d) Ensure consumer trust in products containing nanomaterials	1
e) Ensure the availability of relevant information on the presence of nanomaterials or products containing nanomaterials on the market	1
f) Ensure the proportionality of the information requirements and the associated costs and administrative burden.	1
g) Protect confidential business information	1
Please provide additional comments	After much thought, I have come to the conclusion that to consider nanomaterials as a generic lump is misguided and

**Q6: To what degree (from 1 - not at all to 5 - fully) does the current legislative framework (including the REACH and CLP Regulations and product-specific legislation) and the currently available databases (including the JRC web platform, see [http://ihcp.jrc.ec.europa.eu/our\\_databases/web-platform-on-nanomaterials](http://ihcp.jrc.ec.europa.eu/our_databases/web-platform-on-nanomaterials)) meet the following objectives?**

*Respondent skipped this question*

**Q7: To what extent do you agree with the following statements from 1 (strongly disagree) to 5 (strongly agree):**

*Respondent skipped this question*

**PAGE 4: Section IV – Health and environmental aspects**

**Q8: With regard to health and environmental hazards and risks of specific nanomaterials/types of nanomaterials, please tick the relevant boxes:**

*Respondent skipped this question*

**Q9: With regard to the past and current use of nanomaterials (tick the relevant box):**

*Respondent skipped this question*

**Q10: The establishment of an EU nanomaterial registry (tick the relevant box):**

*Respondent skipped this question*

**PAGE 5: Section V – Consumer trust**

<p><b>Q11: In case information on the presence of nanomaterials in specific products were made available, what impact do you think this would have on consumers? (Please tick all that would apply)</b></p>	<p><i>Respondent skipped this question</i></p>
<p><b>Q12: Do you believe that the public availability of information on the presence of nanomaterials in products would be likely to...(choose one of the following answers)</b></p>	<p><i>Respondent skipped this question</i></p>

**PAGE 6: Section VI - Innovation and competitiveness**

<p><b>Q13: With regard to innovation, do you believe that information on nanomaterials and products containing nanomaterials that could be gathered in a nanomaterial registry would...(choose one of the following answers)</b></p>	<p><i>Respondent skipped this question</i></p>
<p><b>Q14: With regard to competitiveness of EU companies manufacturing nanomaterials or products containing nanomaterials, do you believe that information on nanomaterials and products containing nanomaterials that could be gathered in a nanomaterial registry would...(tick all that apply)</b></p>	<p><i>Respondent skipped this question</i></p>

**PAGE 7: Section VIII – Possible options and exemptions**

<p><b>Q15: What would be the added value of a notification per use (i.e. for each mixture/article) compared to a notification per substance? – Please consider the usefulness of the information for public authorities, downstream user companies, workers and consumers.</b></p>	<p><i>Respondent skipped this question</i></p>
<p><b>Q16: Which actors along the supply chain should be subject to notification requirements? (tick all that apply):</b></p>	<p><i>Respondent skipped this question</i></p>
<p><b>Q17: The following should be subject to notification requirements (tick all that apply):</b></p>	<p><i>Respondent skipped this question</i></p>
<p><b>Q18: Is there a need to exempt certain types of nanomaterials?</b></p>	<p><i>Respondent skipped this question</i></p>
<p><b>Q19: Is there a need to exempt certain uses of nanomaterials?</b></p>	<p><i>Respondent skipped this question</i></p>

**PAGE 8: Section IX – Nanomaterials Observatory**

**Q20: If a Nanomaterials Observatory is established instead of an EU-wide registry, what type of information should be collected? (please tick all that apply)**

*Respondent skipped this question*

**Q21: How should the information in a Nanomaterials Observatory be presented in order to reach the consumers, workers and authorities?**

*Respondent skipped this question*

**PAGE 9: Section X - Potential use and benefits of a nanomaterial registry**

**Q22: In what ways could the information on nanomaterials from registries be potentially useful (tick all that apply):**

*Respondent skipped this question*

**Q23: Please give a justification for your views (presented in the previous question) and describe which data would be necessary to allow the desired use (e.g. would information on substances alone be enough for informed consumer purchase decisions, or would this require information for each concerned product):**

*Respondent skipped this question*

**Q24: What would be the added value of a European nanomaterial registry beyond the current framework of chemicals legislation, including REACH registration?**

*Respondent skipped this question*

**Q25: Please provide any other comments that you would like to share regarding transparency measures for nanomaterials on the market.**

*Respondent skipped this question*
